

Nick Finnegan Counseling Center

School Outreach Programs

About NFCC

Nick Finnegan Counseling Center strives to **provide affordable and accessible counseling services to anyone regardless of differences such as age, finances, or beliefs.** NFCC offers services at a significantly reduced base rate, through insurance options and a slide scale. Our counselors provide in-person and virtual counseling to individuals, couples, children as young as three years old, and families.

The Outreach Team

Anna Crain, LMSW, Lead Outreach Counselor

Julie Duong, LPC

Clarissa Almaguer, LPC-Associate

Supervised by April Henderson, LPC-S

Our outreach team works to extend those services beyond the counseling center, collaborating with school counselors so that they can **empower their communities with the knowledge and skills to improve their mental wellness.** We recognize that school personnel are often the “first responders” to mental health concerns and are passionate about developing programs that are tailor made to address what schools are noticing among their students and community.

Connect with us to ask a question or schedule at outreach@finnegancounseling.org
